	Has an equality impact assessment been undertaken? (Delete as appropriate)	Yes (attached)		No		N/A	✓
Patient and Public	Not applicable						

Engagement:	
Clinical Engagement:	Not applicable
Risk and Assurance:	Not applicable

Community Health Events

I have been privileged to be part of some community health events over the past few months notably Going Gold for children's cancer awareness month, the opening of the Wave in Coventry to provide a resource and entry to sport and leisure for the local population, and a great Sunday at the Gurdwara to promote awareness of diabetes for World Diabetes Day at an event organised by a local Diabetes Community Champion.

GP Board Meeting

I have been encouraged at our working towards developing strong place relationships that was demonstrated at the GP Board's meeting hosted in primary care for the Clinical Directors and senior executives of University Hospitals Coventry and Warwickshire (UHCW) where GP networks showcased their work and thought about ways to jointly improve patient care.

The Coventry and Warwickshire Health & Care Partnership Board met for the first time this month in public under the new Coventry and Warwickshire Health and Care (STP) governance.

Future of Healthcare Commissioning

With regard to the future of Healthcare Commissioning we have been meeting with GP members and consolidating the information requested by Governing Body to enable a membership vote on CCG form in early 2020.

Flu Vaccination and Winter

As we enter winter I would encourage all those eligible to have their flu vaccination and take advice on self-management of simple ailments from NHS choices and where appropriate their local community pharmacy.
